Department of College Relations

Employee Information Sheet

Directory Listings

For consistency across the Chadron State College Website, departments have the opportunity to populate employee directories on their department websites. These directories include the names, phone numbers and e-mail addresses of all department faculty and staff, as well as individual contact and information pages for each member of the department. To assist with creating these pages, please fill out this form with as much information as you would like to provide.

Employee Name

Faculty Rank or Staff Position

Office Location

Office Phone

Email Address

Education Background

Responsibilities / Work Experience
