Welcome

Dear Student,

From the moment you first set foot on campus as a freshman, until you toss your cap into the air after you graduate, you will be surrounded by people dedicated to making your time at Chadron State College both rewarding and enjoyable.

Our dedicated and passionate faculty will prepare you to excel, as evidenced by the frequent recognition and awards our graduates receive in their fields. Our alumni around the country speak highly of the quality of the education they received at Chadron State and of their experiences here. Each fall, many of our alums return for homecoming to renew old acquaintances, and to recall a very special time in their lives.

Our current students hail from 35 states and 11 foreign countries. Many of our students reside on our beautiful campus and enjoy the traditional college experience and many others come to us through our comprehensive distance learning opportunities from their homes around the state and country.

We recognize the college experience is more than a classroom. Our beautiful campus, located in northwestern Nebraska, is set among splendid buttes, pine covered hills and grassy plains, and is steeped in the small town atmosphere of Chadron, Nebraska. A host of extracurricular activities are designed to challenge and enrich your life and your college experience. Our many athletic programs, including NCAA Division II sports in the Rocky Mountain Athletic Conference, intramurals, and club sports provide you with an avenue to participate if you aspire to be a student athlete or a welcome diversion from your studies as you cheer from the stands with your friends.

If I had to pick one word to describe Chadron State College, it would be vibrant—the academic programs, the faculty, the support staff, the athletic programs, the campus life and our alumni are all vibrant. Welcome to Chadron State College!

Dr. Randy Rhine
President, Chadron State College

Resources available to students include the campus network, and both general and specialized computer labs. Labs are to be used for the sharing of knowledge, the creative process, and collaborative work by the students.

Once a student applies at CSC, a campus account and an e-mail account (EagleMail) are automatically generated by Information Technology. These accounts are available while the student is enrolled at CSC.

Campus Computer Lab Facilities - Hardware and software in the computer labs is limited to the hardware and software already found on the computers. Additional hardware or software cannot be installed on the campus lab computers. Hours of use are posted at each lab. Access to the Internet is available from all labs and requires a username and password.

General-use computer labs are open to all currently-enrolled students and provide standard software such as Word, Excel, PowerPoint, and Internet access, as well as printers and scanners. General-use labs are funded by the Student Technology Fee fund and thus are not used for specific functions such as classes or training sessions.

**Counseling Services**

Phone: (308) 432-6232

www.csc.edu/healthserv/counseling

Counseling services — free of charge and confidential — are available to all CSC students through the Health Services office (Crites Hall room 009; 308-432-6232). Licensed counselors are available to help students with mental health problems such as anxiety and depression, and difficult life situations such as relationship problems, loss and grief, making important decisions, and making positive behavior changes. Counseling can build self-understanding and self-esteem and enhance one's ability to make wise and responsible life choices. Counselors also provide education classes for students who have been caught in violation of the College's policies regarding alcohol and other drugs.

Students can access counseling services by contacting the Health Services office. Walk-ins are welcome; however, the counselors may be busy with other scheduled commitments. In the case of a life threatening emergency, call 9-911 (from on-campus phones) or 911 (from off-campus phones).

(Project Strive/TRIO also provides a counselor for students. See p. XX for information.)

**Disability Services**

Phone: (308) 432-6232, (308) 432-6268
Crites Hall, room 011
www.csc.edu/healthserv/counseling

In accordance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990 and amendments, Chadron State College is committed to providing learning and other opportunities for all students so they may achieve their academic goals. Through the Disability Services office, the College seeks to ensure equal access to the education, programs, and services of the College for all students. Reasonable accommodations may be provided to enable students with disabilities to learn, to receive information, to demonstrate learned information, and to benefit from the programs and services of the College.

Students requesting reasonable accommodations must submit to the Disability Services office (Crites Hall room 011) documentation from a qualified professional that verifies the student's disability. To support the student's request for accommodations, documentation must include: 1) a clear statement of diagnosis, 2) a description of the effect of the disability on the student's academic (or other) performance, and 3) recommended accommodations. The College reserves the right to have the student's documentation reviewed by appropriate professionals and to request additional documentation or evaluation in order to verify the student's need for reasonable accommodations.

The accommodation process is interactive and requires the student's full participation. When the student's disability is adequately documented, the Disability Services office will prepare official memos about the student's need for reasonable accommodations and give them to the student. The student will then deliver the memos to his or her professors or other College officials and discuss with them how best to implement the accommodations.

**Specialized Software for Individuals with Text-Related Disabilities**

A computer system is available on the first floor of the King Library Learning Commons for use by students with text-related disabilities or difficulties. Software includes Kurzweil 3000, which allows students to create audio files of printed material.

Tornado Information
Tornado watches and warnings are issued by the National Weather Service when the possibility of a tornado exists. Watches are generally used for wide areas exposed to a rapidly developing threat. The time period covered will normally be several hours. Not every watch will result in severe thunderstorms or a tornado, but one may result in some part of the watch area. During a tornado watch, you should be aware of changing weather conditions and should be prepared to move to a safe place. Tornado warnings are issued for much smaller areas and for shorter periods of time than watches. When a warning is issued, seek shelter or move to a safe area immediately.

- **If you are indoors…**
  A. Move immediately from your classroom, work area, or residence room to an interior place of greater safety, closing doors as you leave. Seek shelter in areas designated in all buildings or the lowest level of the building.
  B. In multi-story buildings or residence halls, move to the basement or interior hallway on lower floors. Upper stories of buildings are unsafe. Close draperies and move away from exterior windows or glass.
  C. In classrooms or work areas move to the basement, interior hallways, stairwells, or other areas which are directly supported and are free from exterior windows and glass.
  D. Stay close to the floor and cover your head with a jacket, blanket, pillow, etc. and shield yourself from flying debris by staying under heavy furniture.
  E. If time permits and you are able to move to a shelter, take a flashlight and a battery powered transistor radio to supply you with accurate information.

Avoid: a) top floors of buildings, b) elevators (power may fail), c) food service areas and d) auditoriums, gymnasiums or other places with wide, free span roofs.

- **If you are outdoors…**
  A. Seek indoor shelter if possible (Parked motor vehicles are unsafe.)
  B. If you cannot get indoors, lie flat in a ditch or low spot.
  C. If you are on flat ground and caught in the path of a tornado, always move at right angles from the path of the storm.

Remain in a place of shelter until you hear the clear signal or until you are sure the danger has passed. For more information on tornado safety contact the Region 23 Emergency Management Agency at (308) 432-2251.

**Code of Conduct**

**Conduct and Discipline; Students (3100)**
https://www.nscs.edu/downloads/file/23/3100_conduct_and_discipline_students

The Nebraska Board of Trustees grants authority to the Presidents of the State Colleges to designate appropriate officers, establish representative college committees, render initial decisions and provide appeal procedures in regard to allegations of academic dishonesty, grade appeals, failure to pay a financial obligation, or academic performance, achievement, probation and suspension. All disciplinary sanctions imposed for misconduct identified in Board Policy 3100 are to be governed by terms of the policy and the due process requirements set forth in Policy 3200. Acceptance of this policy by the students is implied as a condition of his/her enrollment. Please refer to the Conduct and Discipline; Students Policy (3100) web address above for further details.

**Due Process — Students (3200)**
https://www.nscs.edu/downloads/file/24/3200_due_process-_students

**Definition: Due Process**

An established course for judicial proceedings or other governmental activities designed to safeguard the legal rights of the individual. —AMERICAN HERITAGE DICTIONARY

Affording persons or organizations “due process” basically means to conduct legal proceedings with fairness in both content and procedure. http://lawhigheredu.com/47-due-process-substantive-and-procedural.html

Due process is a key component to what a student’s rights are when dealing with the judicial affairs function of a higher education institution whether it be related to an academic or student conduct failure. These standards of due process layout what rights a student has when they are being processed through the campus judicial system. Even though due process is a key piece of the judicial process, it is often not understood by the student that is alleged to have violated their contractual obligations to the college. Since these due process procedures are less than what is required by criminal courts, they are often misunderstood by the student. For student conduct cases, there is a process that allows the accused student to make their case before being sanctioned by the college. (Jason T. Fishner “Due Process in the Realm of Higher Education: Considerations for Dealing with Students Rights” Educational Administration and Policy Studies 680, University at Albany

Please refer to the Due Process — Students Policy (3200) web address above for further details.

**Right to Due Process**

It is the policy of the Board to grant procedural due process to students accused of misconduct under the terms of Board Policy 3100. Regarding allegations of academic dishonesty, grade appeals, failure to pay a financial obligation, or academic performance, achievement, probation and suspension each college will devise its own adjudication procedures. However, for allegations of misconduct identified in Policy 3100 that may result in disciplinary sanctions, due process procedures outlined in Board Policy 3200 will be followed.

The Board of Trustees of the Nebraska State Colleges is committed to providing an environment in which all students who participate in College programs and activities can work together in an atmosphere free from unlawful discrimination, harassment, or violence. Sexual violence and sex harassment are prohibited by law and by Board policy and the Colleges will not tolerate sexual violence or sex harassment in any form, including, but not limited to, sexual assault; stalking; dating violence; domestic violence; acquaintance, date or stranger rape; non-consensual sexual intercourse; sexual cyber harassment or sexual bullying. The Colleges will take appropriate action to prevent, correct, and discipline harassing or violent behavior that is found to violate Board policies and principles of equal opportunity and access. This policy provides guidance for what students should do if they have been victims of sexual violence or sex harassment, and what the Colleges will do if such violence or harassment occurs. A student alleged to have committed sexual violence or sex harassment can be disciplined under the Code of Student Conduct and/or prosecuted under Nebraska criminal statutes. Additional Board Policies, Employee Handbooks and Collective Bargaining Agreements, also apply to employees alleged to have committed sexual violence or sex harassment.

The Colleges have a responsibility to respond to reports of sexual violence or sex harassment and attend to the needs of the students who are involved. Reports of sexual violence and sex harassment are taken with the utmost seriousness, and the student will be promptly referred to the appropriate persons or resources for assistance. The Colleges are also responsible to ensure that the individual charged with committing such violence or harassment is treated fairly. Individuals are presumed innocent unless proven responsible, and will also be referred to appropriate services for assistance. Please refer to Sexual Assault and Harassment Reporting Policy (3020) web address above for further details.

Sexual Assault and Harassment Reporting Policy (3020)
https://www.nscc.edu/directory_record/31/3020_sexual_violence_or_sex_harassment_reporting_policies_and_procedures

Title IX is the federal law prohibiting sex discrimination in educational institutions. It is from the Higher Education Act of 1965, amended in 1972 and 1987. Title IX forbids sex discrimination in all College student services and academic programs including, but not limited to admissions, financial aid, academic advising, housing, athletics, recreational services, college residential life programs, health services, counseling and psychological services, Records Office, classroom assignments, grading and discipline. For Title IX inquiries, please contact the Title IX Coordinator at (308) 432-6224 or TitleIXCoordinator@csc.edu.

The College reserves the right to reassign students within and between residence halls and rooms as deemed necessary, and to immediately terminate the contract by written notice if the student fails to comply with any of the terms and conditions of the contract or, if in the judgment of Student Services staff, continued residence would have a seriously negative effect on the student and/or fellow residents, or if a student does not show ‘active academic participation’ within the College community. All other Residence Hall policies and guidelines are contained in a separate handbook. Please refer to that publication at www.csc.edu/housing.

Rights and Responsibilities, Students Policy (3250)
https://www.nscc.edu/downloads/file/27/3250_rights_and_responsibilities_students

Freedom of Expression
Students have the right of expression in the classroom and the responsibility to learn from the course of study according to the standards of performance established by the faculty. Student behavior in a classroom should contribute to the learning process.

Instructional and Grading Procedures
The faculty determines the character of courses which includes content and instructional and grading procedures. Students have the right to be informed at the beginning of each course of the nature of the course, course expectation, evaluation standards, and the grading system.

Each student has the right to a course grade based upon a sound academic evaluation and upon a specified grading procedure. A student has the right to receive upon request a clarification of the grade received. The faculty
of each department, school, or program shall provide a committee to consider the appeal of those cases in which a student feels the performance evaluation exhibited prejudice or bias and was based on factors other than student performance. Colleges shall provide standing committees to consider cases in which the student or faculty member chooses to appeal the initial decision. Any of these committees shall have the authority to recommend, to the Vice President responsible for Academic Affairs, changes in the grade based upon its findings.

Faculty-Student Consultation
Faculty should be available on a regular basis for consultation with students. Students may ask for an evaluation of their performance during the progress of a course. If a student conveys information of a confidential nature to a member of the faculty, this confidence should be respected.

Student Evaluation of Instruction
Students can contribute significantly to the evaluation of instruction. The faculty has the obligation to solicit students' evaluations of their educational efforts and to make changes in accordance with their best judgment. To assist the faculty in the task of providing the best possible education, students should express their reactions and opinions about quality and relevancy of the instruction to the department or College involved. Each College should establish a standing procedure through which student evaluations can be expressed.

V. Student Complaints Against Postsecondary Institutions
The following is taken directly from Nebraska's Coordinating Commission for Postsecondary Education and found at https://ccpe.nebraska.gov/student-complaints-against-postsecondary-institutions.

The Coordinating Commission for Postsecondary Education is responsible for responding to formal complaints against public, independent non-profit, and most proprietary institutions of higher education that offer degrees in Nebraska. While the Commission has limited authority over colleges and universities, and cannot offer legal advice or initiate civil court cases, Commission staff will review submitted complaints and work with student complainants and institutions. Please note that the Commission cannot, by law, review complaints related to course grades, academic sanctions, or discipline/conduct matters.

> If a student has a complaint regarding a private postsecondary career school that is overseen by the Nebraska Department of Education (NDE)-Private Postsecondary Career Schools, he/she should contact NDE at (402) 471-4825 or through this online form. (http://www.education.ne.gov/PPCS/PDF%20Folders/PDF%20Documents/PPCS%20Forms/Complaint-form.pdf)

> If a student believes that a college or university has violated state or federal law, he/she may wish to contact the Office of the Nebraska Attorney General (www.ago.ne.gov/consumer_protection):

Office of the Attorney General
2115 State Capitol
Lincoln, NE 68509
Phone: (402) 471-2682
Fax: (402) 471-3297
email: ago.consumer@nebraska.gov
Consumer Protection Division (toll-free): (800) 727-6432
Consumer Protection Division - En Espanol: (888) 850-7555

> If the student believes that an institution has acted in a discriminatory manner, he/she may wish to contact the Nebraska Equal Opportunity Commission (NEOC) (www.neoc.ne.gov) at (800) 642-6112 in Lincoln, (800) 382-7820 in Omaha, or (800) 830-8633 in Scottsbluff. The NEOC provides the following advice: Race discrimination in schools falls under Title VI of the Civil Rights Act of 1964. Sex discrimination and harassment falls under Title IX of the Education Amendments of 1972. Disability discrimination falls under Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act of 1990. None of these laws are within the jurisdiction of the Nebraska Equal Opportunity Commission. They are federal laws and are enforced by the U.S. Department of Education (www.ed.gov):

Office for Civil Rights
Kansas City Office
U.S. Department of Education
8930 Ward Parkway, Suite 2037
Phone: (816) 268-0550

> Furthermore, after filing a complaint with the Attorney General's Office, NEOC, or the Coordinating Commission for Postsecondary Education, the student may still hire a private attorney and adjudicate the complaint through the court system. Within two years of the incident about which the student is complaining, he/she should contact the Coordinating Commission for Postsecondary Education using our complaint form. Please note that the Commission cannot, by law, review complaints related to course grades, academic sanctions, or discipline/conduct matters. Please follow the steps outlined below to submit a complaint:

STEP 1
If a student has concerns related to classroom situations or administrative actions, he/she should contact the faculty or staff member(s) with whom he/she has a conflict. It may be possible to resolve the concerns without the need for formal institutional action. If the student's complaint is not resolved through this action, he/she should contact the department or program chair or division head or dean. If the student's complaint is not resolved satisfactorily, or if the complaint cannot be resolved by contacting the faculty/staff member(s) or chair/dean, the student should proceed to STEP 2.

STEP 2
The student should file a complaint through his/her institution of higher education's established complaint process. Information on the process can usually be found in the institution's academic catalog, student handbook, or website. This might also be called a grievance process. If the student is unable to resolve the complaint in this manner, he/she should proceed to STEP 3.

STEP 3
The student must complete the Commission's Student Complaint Form. After receiving a complaint through our complaint form, Commission staff will review the submitted materials and contact the submitter for any required additional information or clarifications. The Commission will then send a copy of the complaint to the institution against which the complaint has been filed and ask for a response within three weeks. After receiving the college or university's response, Commission staff will determine whether the institution's student
complaint process has been followed and exhausted and what additional steps or follow-up may be taken. The Commission will inform both parties involved in the complaint.

If the student has additional questions about the complaint process, or wants to clarify that the individual complaint is reviewable by the Commission, please feel free to contact the office at (402) 471-2847.

The goal of the Housing and Residence Life Program is to help students resolve or avoid some of these difficulties and make college living meaningful and rewarding. This is possible through the efforts of the specially selected and trained staff who work directly with the students. Students are invited to visit with any of these individuals regarding questions about the campus or campus housing.

While living with us, we encourage you to meet new friends, become involved in the numerous activities offered, and enjoy the safety and convenience of on-campus living.

Sincerely,
Director of Housing & Residence Life

Residence Hall Staff

Resident Advisor (RA) - The Resident Advisor (RA) is the heart of the residence life program. RAs are returning students who live on each floor and/or wing in the residence halls and help acquaint new students to campus. They help to develop and sponsor programs designed to inform fellow students about life on campus, in Chadron, and the surrounding area. A student can expect to have considerable contact with their RA and should consult them regarding college policy, rules, and regulations. Answering questions and solving problems are some of the many duties performed by this outstanding group of students.

Sr. Resident Advisors (Sr. RAs) – The Senior Resident Advisor (SRA) is an RA that exhibits exceptional leadership skills and serves as a direct liaison between RAs and residents to the Assistant Director of Residence Life. SRAs provide additional support and oversight of their residence hall, assisting their AD with duties and building coverage on a regular basis.

Assistant Director - Residence Life (AD) - Each hall has a building manager with the title of Assistant Director Residence Life (AD). The ADRL lives in the hall and is responsible for the total operation of a residence hall. The ADRL helps coordinate programs with the hall RAs, assists with training and supervision of RAs, helps to assist students in following the policies of residential living and schedules desk workers. They also work with the security staff.

Associate Director of Residence Life - The Associate Director of Residence Life is responsible for the overall development of programs for students in the residence halls. The residence life office is located in the Hub, located south of High Rise.

Associate Director of Housing and Residence Life - The Associate Director of Housing and Residence Life assists in the overall development of programs for students in the residence halls as well as the supervision, hiring and training of the ADs and RAs. The Residence Life office is located in the HUB, the main lounge of the High Rise/Kent/Andrews housing complex.

Director of Housing and Residence Life - The Director of Housing and Residence Life is responsible for the coordination and delivery of a high quality housing program for on-campus resident students. The Housing and Residence Life office is located on the first floor of Crites Hall.

Role & Mission

The Residence Life program is committed to facilitating the growth and self-development of each resident to their fullest capacity. This includes the development of essential skills in personal, academic, and social areas. We believe the residential experience is an important part of education that challenges, supports, and facilitates the learning process.

The offices of Housing and Residence Life are an intricate part of Student Services at Chadron State College and strive to provide a safe and secure living environment in which students feel that campus housing is their home away from home.

Residence Life Programs

Residence Life Association

As a member of our residential community, you are automatically a member of the Residence Life Association. This organization is the “official voice” of our on-campus residents and works closely with department leaders to promote a great residential experience. In addition to advising Residence Life on issues of policy and budget, RLA is a programming group. RLA annually sponsors/co-sponsors major events such as Week of Welcome, Family Day, Homecoming, Valentine’s Day, etc. Additionally, it provides financial support to halls for social and educational programs and for a variety of community amenities. Whether you just want to participate or really want to make a difference, plenty of opportunities are available.

Student Involvement

The Housing & Residence Life Office employs many students at the front desks of each residence hall as well as in the offices of Residence Life, Campus Security, and Housing and Residence Life. These students represent an excellent pool of residents interested in the quality of their living environment and are utilized as representatives of students’ opinions. In addition, the Housing and Residence Life Office views involvement in student groups, professional organizations, and interaction with like departments on campus as an excellent way to stay tuned in to current issues.

Residence Hall Residency Requirements

All first-year students (including transfer students in their first year of college) attending Chadron State College are required to live in the residence halls for a minimum of two semesters and through successful completion of 30 credit hours. “Successful completion” is defined as having achieved a passing grade in those thirty credit hours. Students that may be exempt from this requirement are:

This award is for on-campus international students seeking an undergraduate degree from Chadron State College and is not available to those seeking their master’s degree. Summer sessions are not eligible for this tuition award.
**Residence Hall Reservation**

Rooms are assigned by the Housing Office Staff. The preferences of each student in terms of roommate, residence hall and room type are considered in the assignment. If students are not assigned their first choice, they will be given the opportunity to change when space is available.

Student room reservations will be held until 12:00 noon (MST) on the first day of classes. At that time, rooms reserved for students who have not checked in will be re-assigned. The room will be held if the student has notified the Housing Office that he/she will be arriving late. Chadron State College reserves the right to make all housing assignments according to what appears to be in the best interest of the student and the college.

**Residence Hall Contracts**

Residents sign a contract for the full academic year if they move in at the beginning of the fall semester. Those residents who move in after the start of the fall semester or at the beginning of the spring semester sign a contract that runs through the remainder of the academic year. Summer sessions are considered to be a separate contract period. Students' room contracts with the CSC Housing and Residence Life Office are legally binding. The terms of the contract are included in each contract. In addition, students are responsible for the information regarding the residence halls, food service, and campus which is included in the CSC Residence Life and Student Handbook.

If a student is under age 18 a parent or guardian must co-sign the contract.

**Housing Reservation Fee and Cancellations**

- The processing fee is non-refundable and applies to future contract processing of the student as long as the student remains in the residence halls (summers excluded). Should a student move off campus and later want a residence hall room the $50.00 processing fee would again be required with a new application.

- All cancellations, regardless of the application date or whether an actual room assignment has been made, will be subject to these policies.

**Financial Standing**

Students must remain in good financial standing with the college in order to remain in college housing. Students not in good standing may be asked to vacate the residence hall and the meal plan may be cancelled.

Residence Halls will be closed for approximately 1 week during the winter break in between Fall and Spring semesters. This closure will be posted. **No** housing in the Residence Halls will be available during this closure.

**Communication**

Residence Life or other college staff may contact you by phone, mail or e-mail about any number of issues. Please help us provide you with quality service by responding in a timely manner. You are responsible for checking your mailbox in the residence hall and your campus e-mail frequently.

• Have a roommate of the student’s choice move in with him/her.
• If eligible, change his/her contract from a double to a private room at the private prorated rate.

The Assistant Director - Residence Life may assign a roommate if or when one is available. This could involve a move by either or both students.

Room Changes
Room changes are allowed after the first two weeks of each semester. All room changes require the approval of the Assistant Director of Residence Life and the proper forms must be completed at the Housing Office in Crites Hall.

Disciplinary Procedures
If a student receives a write-up for a violation, the following procedures should be followed:

The student(s) will be notified of the entry and the reason for the entry upon his/her return. A student may be held responsible for activities that occur in his/her residence hall room, even though that student may not be present or involved in the regulation violation. Students are responsible for guests.
Visitors

Visitation hours are the times during which non-residents of that hall may visit in the room. On Friday and Saturday nights the residence halls are open to visitors from 9:00 a.m. until 2:00 a.m. and on Sunday through Thursday from 9:00 a.m. to 12:00 midnight. Common courtesy should be considered 24 hours a day; excessive noise is not permitted at any time. This regulation recognizes that the residence hall community consists of many diverse individuals with varying schedules.

Congregating in the halls or common areas may create excessive noise. It is preferred these gatherings happen in the residence hall rooms with the doors closed. Residents that wish to use or practice musical instruments should be aware that Memorial Hall has practice rooms available for this purpose. Music, games, televisions and video gaming are a frequent source of disturbances in the halls. Residents have many different musical tastes and preferred volume levels vary widely. Please consider using headphones for a higher volume; the sound from your room should not be heard in the hallway.

Consideration for fellow students is essential at all times and should set the atmosphere for community living. Unreasonable noise or disruptive activity will not be permitted.

Residents who do not wish to be held accountable for a violation of policy should immediately leave the room/area in which these items are present. Reports of violations may be given to the Assistant Director - Residence Life.

Medical Marijuana

The possession of a medical marijuana permit does not allow for the possession or use of marijuana in the residence halls. Marijuana obtained for medicinal purposes cannot be stored or used in the residence halls.

Parents of CSC students under the age of 21 may be notified of alcohol/drug violations in accordance with FERPA guidelines.

*All fees/fines collected for sanctions will be used to support the purchase of counseling and/or alcohol-drug educational materials curriculum, programming or staff training.

### Fire Regulations

**Reporting a Fire**
Always report any fire! It may be small and insignificant, but it could be the origin of a larger fire. In case of fire call 9.9.1.1 and tell the dispatcher the location of the fire and the apartment/room number. Notify a residence life staff member or all neighbors in the adjoining rooms and call the CSC Boiler House at 432.6226.

**Fire Alarm Procedures:**
All persons must evacuate the building immediately upon hearing the fire alarm and assemble at the designated area.

All persons must remain outside the building as long as the alarm continues to ring. No one may return until the Residence Hall Staff has checked every room so that it can be stated with certainty that the building is empty.

Any fire or smoke must be immediately reported to the Assistant Director of Residence Life or Resident Advisor. Fire regulations and procedures are posted in each room. It is the student’s responsibility to become familiar with the correct fire procedures.

### Tampering with the fire alarm or fire equipment (including smoke detectors) or the setting of fires will result in disciplinary action and will be reported to the State and federal authorities. The student will not be allowed to remain in housing.

### Open Flame
Burning candles, incense and smoking in a residence hall room is considered a fire hazard and is forbidden.

**Halogen lights** are not permitted in student rooms due to high fire rating.

### Residence Hall Smudging Protocol
Any student wishing to smudge within the residence halls may be granted permission to do so one time at the beginning of the semester. The student must request approval at least 48 hours prior to activity, from the Director of Housing & Residence Life, or designee.
Fire Sprinkler System
The following safety information pertains to halls with fire sprinklers. To ensure proper functioning of the sprinkler system, please observe the following:

1. Items should not be hung or attached to the sprinkler head or piping.
2. Sprinkler heads should never be obstructed or tampered with in any way.
3. Frisbees, balls, and other items that can damage the sprinkler heads are not to be thrown in the rooms, hallways, or other common areas.

Residents who tamper with the fire sprinkler system and cause damage will be subject to disciplinary action. This may include being held responsible for all damages to resident and college property, possible removal from the residence hall, and/or possible legal action.

Residence Hall Refrigerators/Freezers

Students may bring refrigerators 6 cu. ft. or less (mini-fridge). Freezers are not allowed.

Appliances
Students may bring small appliances with automatic shut off such as George Foreman Grills, Crockpot, Coffee makers, and Griddles. Hot plates, Deep Fryers and open heat source appliances are not allowed. Absolutely no large appliances.

Residence Hall EAGLE CARD System

The Eagle card system at Chadron State College makes life in the Residence Halls safer and more convenient for students. These cards will allow entrance into your Residence Hall main Entrance and provide added security for the residents. Students will be required to use their Eagle card to enter the Residence Hall.

Prior to students moving into the residence halls, residence hall staff will have checked to see that the rooms are in good condition. Each student is individually responsible for furniture, equipment and the general condition of his/her room. Failure to leave the room in the same general condition as when it was first occupied will result in the assessment of a damage charge. When checking out of the residence hall, students should use the following procedure:

1. Give sufficient notice to the RA so he or she may be present when checking out.
2. Remove all possessions.
3. Clean the room thoroughly.
4. Turn in the key to the RA, or AD.
5. Sign the inventory card.
6. Leave a forwarding address.
7. Complete a “Housing Cancellation Request” provided by the RA or AD.

No refunds will be made unless this procedure is followed.

The residence halls are usually closed during vacation periods. The student must notify the Assistant Director - Residence Life if he or she plans to stay on campus during this time and arrangements will be made for housing. This may require that the student move to a different location during the vacation and pay a per-night fee.
Residents of the room will be responsible for damages due to student negligence. Dart boards are not allowed in the residence halls or student rooms. Damages done to college property, except for that which is defined as normal wear and tear, may be billed to the student. Common area damages may be charged evenly to all students residing in that area if deemed necessary.

The college strictly prohibits any room furnishings from being removed and stored off campus. Anyone removing college property from a residence hall will be charged and billed accordingly.

### Academic Participation/Class Withdrawal

The primary purpose of Residence Life is to support the academic mission of Chadron State College and to facilitate a healthy living-learning environment. Do not hesitate to seek out your hall staff for assistance with class-related problems, and do not be surprised if staff approaches you about your academic progress. We care about your success and hope to assist you throughout the academic year.

Students are expected to be actively engaged and attending classes. **Should students demonstrate little or no active participation in the majority of their classes, the student may be asked to vacate the residence hall.**

Withdrawal from CSC classes does not automatically terminate the housing contract but the student must be taking classes in order to live in campus housing. Once a student files withdrawal forms, he/she is required to meet with the Residence Life Staff/Housing Office to review move-out policies and procedures. Housing charges may continue to accumulate until the student has signed the appropriate cancellation forms at the Housing and Residence Life Office, removed all belongings from the residence hall/apartment, returned the room key and completed the check-out process with the Residence Life Staff. **Only CSC students may reside in campus residences.**

### Part-Time Students

Any student who drops below 12 semester hours after the first week of the semester must receive special permission from the Director of Housing and Residence Life to remain in the residence halls and must return to full-time status for the following semester. The Housing Office is in Crites Hall, room 102/103.

In the event that a student with less than 12 hours becomes involved in the disruption of the safety, security and good order of the residence hall environment, he/she may be required to vacate the residence hall immediately.

### Attending Floor Meetings

Students are responsible for all information discussed and found in the Residence Hall Handbook and Campus Student Handbook; if unable to attend the floor meeting, you should contact your Resident Advisor. General meetings of all residents are held in each residence hall during Fall and Spring semesters. Floor meetings are held periodically throughout each semester. Notices will be posted announcing the time and place of each meeting. If attendance is required, you may be given a violation for noncompliance for failure to attend.

### Room Key

A room key will be issued when a student registers in campus housing. Students are advised to keep their room locked and their key with them at all times. An assessment will be made for each key that is lost. If a key is lost, it should be reported immediately to the Residence Life Staff. The staff will have the student complete a Lost Key form. Requests for lock changes will be billed to the student. The student will then pick up a new key from the Assistant Director or the Housing Office. Refunds for recovered keys may be issued through the Housing Office. Students are not allowed to duplicate college keys.

### Decorations

A room is more enjoyable if decorated with posters, rugs, plants or other items. Students should not use decorations that create a health or fire hazard or cause damage to the room or residence hall. **Empty bottle and can collections in the rooms are not permitted as they present a health and pest hazard.** Retaining cans or bottles in rooms for recycling is also a violation of college & alcohol regulations. **Black lights may not be placed in existing college light fixtures.**

Rooms may not be painted by the students.

Each residence hall has items available for check out: board games and various types of recreation equipment. Also available for student use are microwaves, jumper cables, shovels and brooms. Halogen lights are not allowed due to fire hazard. Scentsy warmers or any other type of wax melting warmer are not allowed in the residence halls.

All decorations must be noncombustible or flame retardant.

- Artificial trees, electric cords, and lights may be used only if approved by Underwriter's Lab.
- No natural trees may be used.
- If holes are made in the walls, the use of toothpaste to fill those holes in is prohibited. Charges will be assessed.
- Using nails in the residence halls is prohibited.
- TV's may not be hung to the walls.
- Command strips are allowed, however, when taking them down, the proper removal procedures must be followed to avoid peeled paint. Charges may be assessed for peeling paint.

### Save Energy - Keep Costs Down

Students can help the College save energy (which in turn keeps room and board rates lower) by: turning off lights, powering down computers and gaming systems when not in use, keeping windows closed in winter and turning water off when not in use.

### Room Windows

Residents MAY NOT REMOVE the screens from their room window or other residence hall window(s) at any time and damages may be assessed for bent or missing screens. In order to protect those individuals who may be walking outside the residence halls, no objects of any type may be thrown, dropped, pushed out of, placed outside of, or allowed to fall from any residence hall window.

### Elevators

In the event that an elevator should malfunction, use the emergency alarm and await assistance. Under no circumstances should an individual attempt to open the doors by force or use alarm bells for reasons other than an emergency. All problems with the elevators should be reported to the Hall Director. **Vandalism (e.g. overloading, tampering with doors and control panels, jumping, rocking, etc.) will not be tolerated in elevators and may result in damage charges to the student.**
Pets
No pets, except non-dangerous fish, are allowed in the residence halls. No other pets may be kept in the Aquarium, only fish! Aquariums may be no larger than 10 gallons. If a pet is found on the campus, the student will be in violation and may be given a disciplinary sanction. They may be given an appropriate timeline to vacate the animal. If the pet is not removed or another pet is found, it could result in additional disciplinary action or the termination of the housing contract. **The exception is service animals functioning as a disability accommodation or a therapy/support animal which provides emotional support, comfort, therapy, companionship, therapeutic benefits or to promote emotional well-being.**

These animals have to be approved through CSC ADA Services.

Service Animals
Service animals are trained to do work or perform tasks for a student with a disability, and the work is directly related to the individual’s disability. Service animals may accompany the student in any and all locations where students are allowed. Students with disabilities who are accompanied by service animals must comply with the same College rules regarding conduct, noise, safety, disruption, and cleanliness as people without disabilities. The ADA stipulates that service animals must be harnessed, leashed, or tethered, unless these devices interfere with the service animal’s work or the student’s disability prevents using these devices. In that case, the student must maintain control of the animal through voice, signal or other effective controls.

The Colleges are not responsible for the care or supervision of service animals. Individuals with disabilities who are accompanied by service animals are solely responsible for the cost, care, supervision and well-being of the animal at all times.

Students with disabilities accompanied by service animals are responsible for any damage or injuries caused by their animals and must take appropriate precautions to prevent property damage or injury.

Cleaning up after the animal is the sole responsibility of the student with disabilities that is in possession of the service animal. If the individual is not physically able to clean up after the animal, it is then the responsibility of that individual to hire someone capable of cleaning up after the animal in a timely, hygienic and respectful manner.

Therapy/Support Animals
Even though therapy or support animals do not qualify as service animals, the Colleges shall provide reasonable accommodations for emotional therapy/support animals in College housing. Emotional support/therapy animals are animals whose sole function is to provide emotional support, comfort, therapy, companionship, therapeutic benefits, or to promote emotional well-being.

Students qualify for reasonable accommodation when (1) health care professional(s) have recognized and documented the therapeutic effect of animal companionship; and (2) the therapy animal is an integral part of a person’s treatment process to assist in alleviating the symptoms of an individual’s disability.

Requests to have an emotional therapy/support animal in campus housing are considered requests for accommodation and will be reviewed on an individual basis.

Under the federal Fair Housing Act, accommodations for emotional support/comfort animals must be reasonable. Animals can pose no direct threat to the health and safety of others; cause substantial damage to the property of theirs; post an undue financial and administrative burden; or fundamentally alter the nature of the provider’s operation.

Theft
Students are responsible for locking their rooms....which is the best defense! CSC is not responsible for personal property that is lost, stolen or damaged. Large sums of money and other valuables should not be kept in the residence hall room. For purposes of insurance claims, it is recommended that the student file a police report for any theft. As an added security measure, students may fill out the personal property card provided by the ADRL. This card could assist law enforcement agencies in the event of a theft. Students may want to secure insurance for their personal property or check with their parents. In many cases homeowner’s insurance policies will cover a student’s property. To provide maximum security for personal property, a room should be locked when unoccupied.

Public signs are property of governmental agencies and those displayed in student rooms/apartments will be confiscated and returned to authorities. In some cases fines or tickets may be imposed.

Heating Units
In order for the heating units to function properly it is imperative that furniture and other objects that tend to obstruct the flow of air be kept away from heating vents and electric baseboard heaters.

Room Maintenance Requests
All necessary repairs and maintenance should be reported to the Residence Life/Housing staff. The Residence Life/Housing staff will report the repair on a Work Order form and report it to the CSC Maintenance Department.

Telephone Service
Telephone services are not provided in the residence halls. Most students now have cell phones which made the phone requirement obsolete.

Internet Access
- A high speed internet connection is provided for every room in the residence hall
- Wireless internet access is available in all residence halls
- There are computer labs located across campus — High Rise, Brooks and Edna Hall

**Laundry and Vending Service**

Washing machines and dryers are available for use by the residents within each building or area. Each laundry room has facilities for hand laundry. It is expected that residents be considerate of other students, help to keep those areas picked up and that machines that are not working be reported to the Housing Office. Soft drink vending machines are located in each building.

**Residence Hall Storage**

Limited storage space is provided in each residence hall. Items placed in hall storage must be properly packaged in boxes, luggage, or cartons and must bear the name and home mailing address of the student. The college assumes no responsibility for items placed in storage. Items left in storage after a student moves out may be discarded or sold at the Residence Hall Garage Sale with proceeds to be used for hall programming. CSC does not provide additional storage for the apartments.

**Bunk Beds**

Bunking beds is an option with current beds in all residence halls. Therefore, lofts or lofting beds are not permitted. If you wish to bunk your beds in a room, contact your Resident Assistant to receive the pins necessary to do so.

The college will not assume responsibility for any injury incurred due to the bunking of beds. Residents should only bunk their beds in the appropriate manner. “Stacking” beds on other furniture or structures is a safety hazard and not permitted.

**Lofts & Water Beds – Are Not Allowed in CSC Housing**

A Loft is defined as an elevated sleeping area constructed of wood or steel that is securely fastened into a single unit. Students may not construct a structure in which they are sleeping under a surface that furniture is placed upon. Students may only bunk the beds with pegs that are provided by the residence hall staff. Chadron State College will not take responsibility for the student’s safety in regards to the use, construction, or dismantling of a loft. Chadron State College reserves the right to direct the residents to remove from their room any hazardous materials, including lofts.

**Posting of Information**

The Associate Director of Housing and Residence Life (432-6403) must approve the posting of information on residence hall bulletin boards. Posters and other advertisements may be posted on public bulletin boards only. RA’s will post items of interest by their room door in the hallway. Regulations prohibit individuals or clubs from posting materials on fire exit doors, windows, and in stairwells. Information posted in these areas or postings not approved by the Associate Director of Housing and Residence Life will be removed.

**Study Lounges**

The residence halls have designated study lounges available. This provides students an alternate quiet place to study away from their room if the Library is closed.

**Common Areas**

The custodial staff is responsible for the lobby, hall, and stairwell cleaning; please be considerate. Students should put trash in the appropriate receptacles in each residence area. Unwanted mail should be disposed of properly.

**Recreational Equipment**

In the interest of safety, the use of roller blades or skates, skateboards, scooters, long boards and bicycles is prohibited in the residence halls. Damage caused by the use of recreational equipment may be assessed to the student responsible.

**Emergency: Call 911 or 9-911 if calling from a college phone.**

**Abandoned Personal Property**

Any personal property left in the residence room/apartment or on the premises by students who vacate or abandon an apartment will be deemed abandoned. Chadron State College may dispose of the property without compensation to the student and charge the student for labor involved in removing trash or property. Chadron State College may sell or otherwise dispose of such property in any manner without liability.
Vehicles/Parking

All licensed and non-licensed (ATV & scooters) vehicles operated by students, faculty and staff must have a valid parking permit, properly displayed, to park on the Chadron State College campus. The parking sticker must be attached to the outside, lower right (passenger side) corner of the back window while parked on the CSC campus and must be clearly visible. Parking hangtags for ATV, scooters and motorcycles must be attached to the handle bars. These parking stickers and parking hangtags are available in the Business Office in Crites Hall. The person to whom the parking permit is issued is responsible for all parking violations. If you have a guest coming to campus, please get a guest parking permit (no charge) from the Parking Office, Sparks Hall Room 113. If you have any questions, please contact the Parking Office (308) 432-6490.

NOTE: CSC has changed from parking hangtags to parking stickers for vehicles except for ATV, scooters and motorcycles which still will use the parking hangtag.

Parking Areas:

Chadron State College does not guarantee parking space in a specific area and cannot assume responsibility for the care or protection of any vehicle or its contents while operated or parked on campus. Parking must be in designated parking stalls only. For more information please contact the Business Office, Campus Security, or the Chadron Police Department.
